Before going out to public places take:

- Proteolytic (Protein Digesting) Enzymes,
- Herbal Anti-inflammatories,
- Fulvic Acid.

Dr Robert Scott Bell recommends taking bioactive silver hydrosol - (Argentyn 23 supplements).

Episode 4 – Vaccine Risks vs Rewards

- MMR Vaccine – Measles, Mumps and Rubella. Linked to causing Autism etc... The younger you receive the vaccine from birth the greater the risk.
- The MMR combination of Measles, Mumps and Rubella causes inflammation. However, mercury was not added to this concoction and it

was a live virus vaccine. It was a combination of different chemicals/toxins that caused illness and side effects in the body.

Adverse reactions include:

- Neurological Disorders,
- Serious Blood Disorders,
- Sensory Impairments including Eye Disorders and Hearing Loss,
- Immune System Damage,
- Bowel Disease,
- Severe Allergic Reaction.

The Remedy and Solution is to detox without adding any more chemicals to your body...Recommended by a variety of Drs.

- **DMSA** (Dimercapto Succine Acid)
- **DMPS** (Dimercapto-Propane Sulfonate)

Removes much of the mercury out of the system.

- **Oral Glutathione**
- **Methylfolate**
- Supplements...**Methylcobalamin (Vitamin B12)**
- Find remedies to rebalance and heal the gut.
- **EDTA** (Ethylene DiamineTetraacetic Acid), removes a lot of lead and mercury from the bloodstream, including nano particles via chemtrails.
- **Suramin** – Anti-parasitic, reduces inflammation in the brain.
- **Silica** (Fiji Water) removes aluminium.
- **Less Expensive Options:** 5g or 1 tsp of coriander/ cilantro each day. (Removes heavy metals from the brain and other body tissues).

Remedy and Prevention for Measles (Viral Infections):

- High dose of Vitamin A supplements.
- Vitamin C + mega doses for chemtrail nano tech particles.
- Vitamin D
- Turmeric
- Zinc
- Quercetin
- Seek Medical advice.

If you had measles as a child, you won't suffer from heart disease.

The Covid Injection and Heart Disease Remedies:

Deactivating the Spike Protein through natural supplements that are scientifically shown to denature the spike protein where it can't latch onto the receptor sites of your body's organs.

- Bromelain (Enzyme in pineapples),
- N-Acetyl Cysteine (NAC),

- Ivermectin,
- Everyone should take an Aspirin a day. (Purchase 99% pure USP powder), it helps with inflammation and minimizes clotting.
- **NAD (Nicotinamide Adenine Dinucleotide)** infusions assist people with long covid symptoms or post-vaccination issues. It's also great for anti-aging and helps decrease inflammation, preserves cellular regeneration and reverses debilitating symptoms of long covid and reversing liver disease etc... It's recommended to take 50mg 3 x per day of NAD. Clinical trials in mice have shown to also reduce obesity by 50% by correcting and restoring cells in our mitochondria along with aging etc...

Episode 5 – Over Coming Fear and Coercion

DPT Vaccines cause Neurological (Brain) damage.

Tetanus Vaccine – Rusty nails can't give you Tetanus. Tetanus is caused by a bacteria found in cows and horse dung and is more common in larger animals.

- If you step on a rusty nail wash it out with **Hydrogen Peroxide 35%** food grade thoroughly.
<https://elitehealthsupplements.com.au/product/hydrogen-peroxide-35-food-grade/>

Homeopathy Remedies:

- **Hypericum (St. John's Wort)** is also great for puncture wounds.
- **Colloidal Silver** internally after cleansing the area with Hydrogen Peroxide or St. John's Wort.

Pertussis (Whooping Cough) – A cough caused by a bacterium that destroys the lining of the throat.

Remedies for Whooping Cough –

- Take massive doses of **Vitamin C**. You can not overdose on this water-soluble vitamin and you can take as much as you want for this bacterial disease.
- **Vitamin A** is helpful to take alongside C.
- **Z-Pak (Azithromycin)**.

Mercury has been linked to Autism.

Remedy for Removing Graphene Oxide from the Body:

- **EDTA (Ethylene Diamine Tetraacetic Acid)** removes some of the graphene oxide. You can take it orally or IV.
- **Supercharged C60** (Global Healing products), is the strongest for severely injured patients who took the Covid injections. Plus take Activated Charcoal.

- **Activated Charcoal** with water. It also **cleans the blood and filters organs from toxins**. Charcoal can also be used to filter water and to use in your garden. **Take 1 x 400mg capsules per day.**

Dioxin Fallout Remedies:

Dioxins cause chromosomal damage in the body and destroy the DNA in the nucleus of your cells.

Normally in a healthy person, they would be able to repair that DNA damage through the NHEJ (Non-Homologous End Joining) mechanism. The NHEJ is a pathway that repairs double-strand breaks in DNA, but for those who have been vaccinated that mechanism has been suppressed by 90%. Thus, if the vaccinated are exposed to dioxins, cancer will occur in the body.

Studies have shown Chlorophyll and Chlorella will help eliminate it from the body without it being absorbed.

Liver Cleanses and Detox Remedies:

Dr, Edward Group III, DC (Natural Health Expert, Founder & Chairman of Global Healing.

- Liver cleanses, 1 x liver cleanse will clean 15% of your liver. Olive oil... See webpage <https://globalhealing.com/pages/dr-group>

More Liver Detox Remedies from a variety of Drs...

- NAC (N-Acetyl Cysteine) 1500mg per day and Milk Thistle (Silymarin) 300-600mg per day. These 2 products work synergistically together better than they do individually and will help create more Glutathione in your liver assisting it to detox environmental chemicals,
- MSM (Methyl Sulfonyl Methane) 1800mg per day. Sulfer is used in your body to detox chemicals or you can eat more egg yolks,
- Fulvic minerals heal gut issues,
- Lots of purified water.

You can mix and match these depending on the type of worm/ parasite.

Remove harmful organisms out of the body, no matter what condition you're suffering from whether it's Migraines, Eczema, Cancer, Diabetes, Heart Disease etc... Everything is associated with parasites and harmful bacteria.

Quote by Dr Rife (1920's) – “Every single condition that you have in your body has a harmful organism component to it.”

Remedies for Heart Issues/ Myocarditis:

- Nitric Oxide (Repairs the lining of the arteries whereas spike proteins damage the arteries). Nitric Oxide and Vitamin D are depleted in your body when you are in fear or are stressed or in any kind of Trauma. Amino Acids (L-Ornithin, L-Citrullines, L-Arginine) Taking these ingredients orally with water will stimulate the vessel wall of the body and cardiovascular system to express lifesaving and life-changing nitric oxide. Found in foods also if you take it in the right combination like beetroot, astragalus root, panax ginseng, hawthorn berry, garlic, meat, poultry, seafood (CoQ10), dark chocolate, leafy greens, citrus fruits, pomegranate, nuts and seeds, red wine,

- Cardio Miracle Supplement <https://cardiomiracle.com/> you can take during intermitted fasting making it more effective,

Episode 7 – Medical Roulette/ Influenza (Flu) & Covid-19

Dr Paul Thomas, MD – Remedy for getting rid of the spike protein & Detoxing from feeling unwell:

- Intermitted **Fasting** or 36 hours under supervision. Fasting cleanses the blood.

Dr. Edward Group III, DC (Global Healing),

<https://globalhealing.com/pages/dr-group>

Q: How do you repair your DNA?

- Water ONLY Fasting for 6-9 days or
- Urine therapy (Urotherapy).

Dr Bryan Ardis talks about snake venoms in the jabs and damage to DNA and the Antidote.

Geneticists in France found:

1. King Cobra Venom (Cobra Toxin) and 2. Chinese Krait Snake. The spike proteins = Venom Peptides from these 2 snakes. Covid-19 (**mRNA**) vaccines from **Pfizer and Moderna** contain the snake venom. RNases are from snake venom which is responsible for cutting/ slicing your DNA to alter your DNA with other genetic materials. Snake venom has 3 components, the damaged DNA & RNA. It's called DNase RNase (snake venom Phosphodiesterase). Scientists are able to delete Genes in our body that we inherited in our DNA and they can cut out certain Genes that lead to disease in your family lineage if they remove that Gene and replace it with another Gene. (Ref: CRISPr Technology - crisp is in all capital letters only. Crisps are snake venom components). Snakes and their venom are said to represent & symbolize rebirth, regeneration & immortality. Therefore, scientists are inserting snake venom into your DNA, Thus the medical symbol found on medical products etc...All venom target nicotine receptors and all viruses target nicotine receptors. All viruses, including the influenza viruses that they target, are called Alpha 7 Nicotinic Acetylcholine Receptors (ALPHA 7 nAChR) and every single cell in your body, including your T-cells that are your immune system, are lined with these nicotine receptors.

Venoms are called antagonistic to these nicotine receptors. Antagonistic means it shuts them off. So, what a cell does normally, an antagonist will make it do the opposite. They are targeting, worldwide, Alpha 7 Nicotinic Acetylcholine receptors. Every single cell in your body that they are publishing of side effects to covid, the long haul of covid-19 and the covid-19 vaccines that people are receiving, including all their injuries needs to be looked at closer. Look at the cells in their body that caused their symptoms that have been injured by covid or the vaccine and type in that cell, in your research studies and Alpha 7 Nicotinic Acetylcholine Receptors (ALPHA 7 nAChR). Only then will Drs be able to solve the mystery of all covid, long haulers covid and covid vaccine-injured people.

Smokers will have a better chance at survival because nicotine binds to the receptors that snake venom targets along with the spike proteins.

Other blockers and antidotes for venoms include:

- **Ivermectin,**
- **Nicotine** gum or patches
- **Zinc**

KEY: Nicotine displaces the venom off of the receptors no matter what cells are on including the liver etc... Thus, introducing nicotine will remove the snake venom. After that, you will need to introduce things into your body that detoxify venom.

Detox Treatments for venoms:

- **Glutathione** is produced by the liver. It's an anti-oxidant enzyme, utilized selenium and NAC in apple pectin that helps the body make Glutathione. It's also inhibitory and protective against all venoms and covid.
- **NAC** (N-Acetyl Cysteine), assists with blood clotting too.
- Vitamin C,
- **EDTA** (removes heavy metals in the body),
- **Ashwagandha,**
- **Licorice Root Extract** that includes the **Glycyrrhizic Acid**, the teas do not work.
- **Mucuna Pruriens** (Velvet Bean Plant),
- Drink 1/8 tsp of **Bentonite Clay** in water 2 x per day. The Bentonite Clay will bind to the venom so your body can release it. Use on top of the treatments listed above.

Dr Edward Group suggests:

- **Zinc** (may also disable some nano-technology found in Covid vaccine and snake venom causes Zinc deficiency),
- **Vitamin D** (most people are deficient in vitamin D as a result of the geoengineering programs etc.),

- **Cu1** (Cuprous Nicotinic Acid, micro-activated copper)
<https://globalhealing.com/pages/dr-group>

Other Drs:

- **Licorice root extract** can assist in tightening up the junctions in the intestines from leakage and is an anti-inflammatory for the gut and in general and is anti-viral.
- **Burdock Root** is a natural remedy for snake bites, (Use it together with Licorice Root),
- Nebulized food-grade **Hydrogen Peroxide 35% and not the 3% in stores or chemists as it's non-digestible and has chemicals added to it**, purchase an electric nebulizer and not a battery-powered one. Implement it at the very first signs of symptoms or prophylactically. It is great for when you wake up in the middle of the night sneezing or have an upper respiratory symptom. You can use it as a nasal spray or gargle to help beat the PCR tests for covid as Hydrogen peroxide destroys venom peptides.

Episode 8 – Vaccination/ Immunization including Detox Remedies.

Look at your outer environment first and ask yourself:

- What are you eating and are you consuming too many processed foods? (Grow your own organic vegetables or purchase from local farmers).
- Are you drinking purified water?
- Do you sleep with your phone right next to your bed?
- Are you aware of the health concerns surrounding 5G?

Once you eliminate the toxins from your outside world, your inside environment (physical body) will begin to clean and heal itself along with detoxification to remove the toxins faster.

Allow your body to **naturally expel the toxins** without taking pharmaceutical products because it will suppress the natural cleaning process. This includes:

- **Vomiting** (detoxing poisons),
- **A runny nose**,
- **Diarrhea** (food poisoning).

Your body will do what it needs to do to properly fight the parasites and bacteria and remove them from your body. If the lymphatic drainage system is functioning correctly, it will flush out the toxins within your body. For **Fevers** try:

- **Activated Charcoal**
- **NAC (N-Acetyl Cysteine)**
- **Glutathione.**

Other detox Treatments:

- **Infra-red sauna** (Studies have shown that it reduces mortality from any cause, lowers your risk of dementia, gets rid of toxins that you accumulate, and strengthens the immune system.
- After expelling toxins, add the minerals that you have lost through detoxing back into your body because your body will purge some of the minerals in your body. These include:
 - **Water,**
 - **Supplements**
 - **Probiotics.**

Dr. Thomas Lodi, MD, MD (H)

All Chronic Conditions and Diseases: The underlying physiology is chronic inflammation and this is what the spike protein in the Covid-19 jab is stimulating. This is why people's diabetes, arthritis etc... is worse. The spike protein also increases senescent cells (old cells) and begins producing inflammatory enzymes.

For **Chronic Inflammation** – Flavonoids/ supplements turn off inflammation.

- **Vitamin C,**
- **Vitamin A,**
- **Vitamin D,**

All 3 Vitamins **C, A and D** - Peer-reviewed studies have shown these vitamins together can turn off the spike protein process.

- **Curcumin,**
- **Quercetin.**
- These can also be given via intravenous methods.
- **Zinc** 30mg 3 x per day. (Prevents the spike protein from getting into cells).

David "Avocado" Wolfe

- **Vitamin D3** activates over 3000 genes involved in healing.
- **Iodine - proton** (53) + ve, electron (53) – ve, neutron (74) disturbs the nanotechnology found in the Covid-19 shots and their ability to function. It's also a disinfectant, a microbial protector of the glands, an anti-parasite substance and flushes out toxic materials in the body like Bromine and Fluoride to name a few. Organic Detoxadine Nascent Iodine comes highly recommended as it's gentler. Take 3 x drops every day.
<https://globalhealing.com/pages/dr-group>
- Black foods contain more **Zinc**. Example: BlackBerries, Chaga Mushrooms, Black rice,

How to Neutralize Damage from mRNA Shots

Advanced Healing & Recovery Protocol

It's been over 2 years since the first shots for COVID-19 were made available and they have been an unmitigated disaster. Not only do the shots fail to stop infection or transmission as promised (stopping the spread was the primary selling point for the jabs), but they have also resulted in a wave of injury and death that is unprecedented in pharmacology.

A CDC safety signal analysis based on VAERS data covering the period from Dec. 14, 2020, when covid jabs were first released, through July 29, 2022, found that the experimental gene-editing injections cause all sorts of thrombo-embolic, cardiac, neurological, hemorrhagic, hematological, immune system, and menstrual adverse events in recipients – not to mention sudden death, which we are now witnessing occur all around the world.

In total, some 770 different types of adverse events were identified by the CDC as stemming from injecting adults, meaning people 18 years of age and older, for the Fauci Flu. Over 500 of these, or roughly two-thirds, had a larger safety signal than myocarditis and pericarditis, two of the most commonly reported heart-related conditions caused by covid shots.

In February of 2021, we published an article sharing practical ways to detox and neutralize damage that is being done by these untested mRNA vaccines. You can read that article here:

<https://thetruthaboutvaccines.com/stop-damage-mrna-vaccines/>

Many have already been duped into taking these shots. Some just once, others multiple times. The question remains:

“What can I do to get this poison OUT of my body and protect myself from these lethal side effects?”

A prominent doctor and healer (with whom many of you are familiar) has created an advanced recovery protocol for those who were tricked, forced, or coerced into getting these toxic mRNA shots. But with persecution of the truth at an all-time high, this doctor is concerned that sharing this information could result in attacks on their business, family, and even their medical licenses.

They've asked us to share this new protocol with all of you. If you or someone you know received one or more doses of an mRNA shot, please read this protocol below and share with anyone who will listen.

You might just save a life.

This program is specifically designed and recommended to support homeostasis by rapidly detoxing and repairing the body. It helps to reactivate the body's self-healing mechanism. It also helps with DNA repair, nanobot deactivation, biological and man-made synthetic parasite removal, acts as a poison antidote and as a protectant from harmful EMFs and 5G. This Program should be done daily for the first 18 days and then 1x weekly for maintenance.

Organic Nascent Iodine: Take 1 dropperful 2x daily- in morning and afternoon. [Here's a product we trust. - https://globalhealing.com/products/detoxadine](https://globalhealing.com/products/detoxadine)

Ivermectin Gel: Consider using the Durvet horse gel: squeeze out ¼ inch and take 2x daily with food for the first 9 days, then 1-2x weekly for maintenance. You can order this on amazon. Herxing, or detox reaction is a very real situation, some people may need to begin slower such as 1/2 ivermectin portion 1x/daily or every other day. Gradually build up. Listen to your body. Herxing is not a great feeling and some get better faster than others. People must be ready for this especially if they are very sick!

Ivermectin Tablet: Take one 12mg tablet daily. Only if you are not using the gel above.

IVERMECTIN BY AGE: Always take with food. Ages 11-67 – Use normal portions above. 5-10 years – 68+ – those who are very sick – 1/8-inch 1x/day. See how you feel. If you feel good after a week, do 1/8 inch both morning and night. Go up from there each week. Cut the portion down if at any time the herxing becomes horrible. Stay where you are for a while longer. Listen to your body. Nobody knows your body like you do. Listen to it!

Fenbendazole – FenBen Pure: Take 4 days on and 3 days off. 2 scoops (scoop included in order) – one scoop in AM and one in the PM. Take the Fenben Pure with avocado, organic almond butter, or right after a meal that contains healthy fats. FenBen Pure contains no additives and needs healthy fats for the best absorption.

INGREDIENTS PER SCOOP: approx. 222mg Fenbendazole
